

Fur Balls

INGREDIENTS

2 cups almond meal	4 tablespoons cocoa
$\frac{3}{4}$ cup stevia	$\frac{1}{2}$ cup raw cocoa nibs
$\frac{1}{2}$ cup shredded coconut	$\frac{1}{2}$ cup chia seeds
$\frac{1}{2}$ cup desiccated coconut	4 tablespoons coconut oil

DIRECTIONS

1. Put chia seeds & water into a small bowl and stir – leave to turn gelatinous. The seeds will soak up the water.
 2. Add all dry ingredients into a large bowl and mix well.
 3. Your chia seeds should be ready. Add more water if it is too thick. It needs to be able to mix throughout the dry ingredients.
 4. Add melted coconut oil to chia seed mix. Stir together.
 5. Add chia coconut mix into the middle of the dry ingredients bowl and mix well so the moisture is spread evenly. Mixing with clean hands helps get the mixture through.
 6. Grab small handfuls and mold into bite sized balls. If they are not sticking, add more melted coconut oil
 7. Roll in desiccated coconut.
 8. Store in the fridge.
